Men of His Word

Rochester 2021

Keynote Speaker: Pastor David Scharf

Professor of Theology at Martin Luther College and Commission on Congregational Counseling chairman.

Speakers/ Sessions

- **Pastor David Scharf** - *Getting the Conversation Started!*
It's easy to talk about the weather, sports, etc. But Jesus? In this workshop we will prepare ourselves for approaching people and broaching the subject of Jesus. We will discuss ideas for getting a conversation started with an unchurched person and turning it into a conversation about Jesus.
- **Dr. Kevin Peil** - *Science, Scripture and Salvation*
We are surrounded with criticisms and doubts about what science has to say about many biblical topics of interest. Are we ready to respond? How are we to respond? This presentation will touch on a wide range of topics related to science and the bible and you will leave ready to defend your Christian faith against the onslaught of scientific assaults.
- **Josh Schedler** (*Sales Mgr for Milwaukee Bucks*) - *I'm no preacher or teacher. How can I serve, Lord?*
I don't have time. I don't know what I'm good at. That's the pastor's job. I could never do that. I don't have anything to offer. I'm too busy. Sound familiar?!? These were a few of my personal thoughts and objections to serving while balancing marriage, three kids and a fast-paced career in the NBA. So, what does God's vision for your future as a lay leader look like?
- **Pastor David Scharf & Karen Fischer** - *Resilience: Bend, Don't Break!*
We know God is in control, but sometimes challenges seem overwhelming. Each of us will have difficulties, but some individuals have a greater propensity to recover. Can we discover what makes that happen, and can we implement these strategies? The answer is yes, and in this workshop, participants will learn the science of resilience and the traits of those who persevere as well as work to identify their individual resilience, strengths, and weaknesses.

Speakers/ Sessions

- **Pastor John Parlow** - *Stop Living in the 20th Century...*
Church members often think they are in churches that understand the current soul landscape. The reality is many churches have discipleship and outreach in their rhetoric, but not in their reality. Countless strategic decisions must be made weekly to simultaneously better equip Jesus' followers and still reach those within a nine-iron golf shot of your front porch who have no memory of the Gospel. Discover the latest insights for being a 21st century church with 1st century power, including a look at speaking out on the most pressing topics of our day.
- **Phil Huebner** - *Who Am "I"? The Crisis Among Teens Today*
Teens are living in a critical time of world history, a time that is causing a crisis among their generation--a crisis of emotional, psychological, and spiritual health. In this session we will explore shocking statistics and anecdotal stories that will paint the picture of life for teens today. We'll move forward with clear strategies and solutions for serving teens today.
- **Karl Schultz** - *Managing to Be a Dad: Our Stewardship of Christian Fatherhood*
How does a man of God manage the responsibility of bringing up their children in the training and instruction of the Lord (Eph 6:4) in 2021 In this session we will (1) study the encouragement and direction that our heavenly Father gives us as fathers, and (2) exchange practical advice about being Christian dads in today's society.
- **Pastor Jon Enter** - *Certain Faith in an Uncertain World*
(*Psalm 23*) It's easy to feel overwhelmed, vulnerable and alone in this sin broken world. It's exhausting. Yet there is incredible, practical and lasting peace waiting for your soul in the undiscovered word-pictures of Psalm 23. You'll never see this psalm the same again and you'll gain a greater peace in Jesus being your always present, always faithful, always grace-filled Good Shepherd.
